Hiring Manager PMAC - Portfolio Management Association of Canada Toronto, ON

**Subject: Application for the Director of Operations Position**

Dear Hiring Manager,

I am writing to express my keen interest in the Director of Operations position at the Portfolio Management Association of Canada (PMAC), as advertised on LinkedIn. As a PMP-certified Operations and Project Management Leader with over eight years of experience, I have a proven track record of steering cross-functional teams, managing complex operations, and building the scalable infrastructure necessary to support organizational growth.

My experience directly aligns with the core requirements of this role. As the Founder of Creativa Life Limited, I scaled the firm by leading a cross-functional team of seven professionals, overseeing all aspects of project management, budget allocation, and contract negotiations for a portfolio exceeding \$3 million. This hands-on leadership experience has equipped me with the ability to translate high-level strategy into effective day-to-day execution, a skill essential for managing PMAC's annual work plan and driving team performance.

I possess deep experience in managing the systems, vendors, and processes critical to operational excellence. I have led the deployment of CRM systems like HubSpot to automate workflows and have directed complex API integration projects connecting disparate platforms such as POS and e-commerce systems. Furthermore, my role at Pet Planet involved serving as the primary contact for independent franchise owners, where I managed implementations and maintained strong stakeholder relationships. This experience is directly analogous to the member services environment at PMAC, and I am confident in my ability to ensure a high-quality, consistent experience for your members.

I am eager to apply my expertise in operations management, process improvement, and team leadership to support PMAC's mission. Thank you for your time and consideration. I look forward to discussing how my skills can contribute to your team's success.

Sincerely,

Alisha Hirani, PMP
